SORTING THE MAIL. The distribution of the mail is greatly facilitated by the preliminary process of sorting. This, however, foes not call for any such treatment as is described in Mr. H. A. Cody's nemoirs of Bishop Bompas, entitled 'An Apostle of the North." The Sishop was the first to take pastoral :harge of Athabasca, Mackenzie River and the Yukon. The diocese was emote, desolate and lonely. Under such conditions correspondence was mportant but infrequent, as his ac-

count of the mails shows. In a hard winter provisions failed through the depth of the snow, and all the dogs died except one, which was kept alive on a boiled moosehide. The Indians left part of the mail beaind hung up in a tree, and brought on only the larger packet-chiefly advertisements. The letters, which and been anxiously looked for since the summer, did not arrive until a month later. The last two hundred and fifty miles of the journey took between two and three weeks.

The arrival of the mail-packet was always a great event in the quiet life at the fort, when letters months old were received. They generally came :wice a year, by boat in summer and by dog-team in winter, when the jourasy was made from post to post by some trusty carrier.

As a rule, the letters were much soiled and worn from frequent handling at the various posts, and at times the Bishop complained of the thinness of the envelopes, which were not conducive to secrecy. An amusing incident happened on one occasion when the carrier was hurrying forward with the mail. In some manner he broke through the ice, and dogs, man and letters were thoroughly soaked. It was a cold day, so, heading for the shore, the Indian made a good fire, dried his clothes. and then gazed sadly upon the wet letters.

At last a thought occurred to him, and taking the soiled epistles out of the envelopes, he stacked them round the fire, near enough to dry, but not near enough to burn.

When this was completed to his satisfaction he began to replace them. But, alas! although well versed in wodłand lore, the Indian had never acquired the art of reading, so that the letters were replaced helter-skelter. Into envelopes addressed to the Bishop went important missives meant only for the company's officers, or the tender sighings of some fair maiden for a Northern lover; while the Bishop's letters were disposed of la a similar manner.

Thinking he had accomplished a very clever feat, the courier pushed on his way, and reaching the fort, was much astonished at the exclamations and excitement of all. Not antil the whole matter was explained by the puzzled courier was the numorous side of it seen, and then a good laugh ensued.

"My six year old daughter had the dreadful disease called hive for two months She became afflicted by playing with children who had it. By scratching she caused large sores which were irritating. Her body was a complete sore but it was worse on her arms and back. We employed a physician who left medicine but it did not help her and I tried several remedies but without avail. Seeing the Cuticura Remedies advertised, I thought I would try them. I gave her a hot bath daily with Cuticura Soap and anointed her body with Cuticura Ointment. ## PREVENTING PAINT TROUBLES.

It's easy enough to recognize the symptoms of poor paint, after it has been on awhile-after its inherent tendency to crack and peel and scale and blister, etc., has developed into trouble. You know these paint "diseases" usually indicate adulteration or substitution in the paint materials. And you know the only remedy is repainting.

A little knowledge of paint and painting requirements, and how to make sure of the purity and quality of materials, would prevent all trouas the ruling spirit, promptly bap- ble, and save the big extra expense of re-painting; just as a proper knowledge of simple health-laws, and obbe seen in the churchyard of St. servance of them, prevents sickness.

A complete painting guide, including a book of color schemes, specifications for all kinds of painting work, and an instrument for detecting adulteration in paint materials, with directions for using it, can be had free by writing National Lead Co., 1902 Trinity Bldg., New York, and asking for Houseowner's Painting Outfit No. 49.

Graniteville, Vt. -- Mrs. Chas. Barclay, R.F.D. These women are only a few of thousands of living witnesses of the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. Not one of these women ever received compensation in any form for the use of their names in this advertisement - but are willing that we should refer to them because of the good they may do other suffering women to prove that Lydia E. Pinkham's Vegetable Compound is a reliable and honest medicine, and that the

statements made in our advertisements regarding its merit are the

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed, because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of-Syrup of Figs-and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of-Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs-and to get its beneficial effects always note, when purchasing, the full name of the Company - California Fig Syrup Co.plainly printed on the front of every package, whether you simply call for - Syrup of Figs-or by the full name-Syrup of Figs and Elixir of Senna-as-Syrup of Figs and Elixir of Senna - is the one laxative remedy manufactured by the California Fig Syrup. Co. and the same heretofore known by the name - Syrup of Figs - which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States, in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

COLT DISTEMPER

Much of the chronic lameness in horses is due to neglect. See that your horse is not allowed to go lame. Keep Sloan's Liniment on hand and apply at the first signs of stiffness. It's wonderfully penetrating—goes right to the spot—relieves the soreness - limbers up the joints and makes the muscles elastic and pliant.

will kill a spavin, curb or splint, reduce wind puffs and swollen joints, and is a sure and speedy remedy for fistula, sweeney, tounder and thrush. Price, 50c. and \$1.00.
